

## Moody's improves Italgas ESG Assessment

*Milan, November 5<sup>th</sup>, 2024* – Italgas has received an updated ESG Assessment from Moody's of 70/100, up from 69/100 the previous year and above the sector average of 54/100. The updated score reflects Italgas' strong commitment to sustainability and actions it has taken to manage environmental, social and governance risks.

This recognition follows the assignment to Italgas of an ESG Risk Rating of 14.6 by Sustainalytics in October. According to Sustainalytics, the Group has a "Low Risk" of experiencing material financial impacts from ESG factors.
